## NEWS FLASH

**Q:** What is the best drying technique?

**A:** It depends

- on the building
- on the situation
- on the reason for the moisture
- on all of the above.

Drying a wet building is complex. That's why the NIR Executive Leadership Conference is devoting a MAJOR SESSION to the INS and OUTS of drying.

Five experts will talk about drying and answer your questions:

- Jerry Blaylock of **Vortex Network**
- Kelly Cressy of **Waterout**
- Kevin Fisher of **Dri-Eaz Products**
- Derrick Watson of **Dryco**
- Mark Wichern of **Restoration Coach**

This must-attend session for restoration contractors who want to make the best decisions about drying wet buildings is one of many topics you'll learn about at

**NIR's 20th Executive Leadership Conference**

**April 8-9, 2010**

**Nashville, Tennessee**
